

Looking after the ducks.

-Please park in the staff car park at the top by the big gates, this is the way into the orchard. The code is **C4567Z**

- The ducks will be very pleased to see you 😊

- If you are happy to let the ducks out then please do, **bearing in mind once out the ducks have to be supervised and securely locked back into the green run before you leave.** Please only let them out if you are not in a hurry and if you are happy to do so. This process will take a bit longer and we very much appreciate all your help and time spent. The ducks love to be out and will forage around for worms etc.

-please check the drinking water in the black drinker is clean and full. It should be attached to the hose for a continuous feed of clean water. If it looks dirty the hose can be taken off, the handle attached (this should be on the green bin then rinsed out and reattached.

-if the ducks are out they love a splash and swim in the big, black tray. Please fill to the top with clean, fresh water and enjoy the display. (345You'll need the hose for this too)

-Whilst the ducks are out, please check the purple feeder in the run; they need a few scoops of fresh food if it's running low. Their food is in the green bin next to the run.

-Our ducks do **NOT** eat bread, but feel free to try a healthy snack such as peas and sweetcorn.

- It can sometimes be wet and muddy around the ducks so wellies are best 😊

- When you are on "Duck Duty" feel free to make full use of our lovely orchard. You are welcome to bring your family and friends with you to enjoy the ducks and the lovely natural environment; all we ask is please leave the orchard tidy.

Thank you very much for helping to look after our ducks!

Any queries please ring the mobile contact from your room.

PLEASE NOTE THESE MOBILE NUMBERS ARE ONLY FOR USING WHEN LOOKING  
AFTER THE DUCKS AND NOT TO BE STORED OR FOR PERSONAL USE.
